Tanzania Institute of Project Management (TIPM) is an African based Regional Partner of TenStep, Inc. (www.TenStep.com) which is headquartered in Georgia Atlanta USA. Through Tenstep, we are Registered Education Provider (REP) of Project Management Institute (PMI) U.S.A (www.pmi.org) with the Reg. No. 1774.

We have developed a set of basic and advanced project management classes including PMP Exam Preparations to meet your organizational and individual needs. This includes longer classes when breadth is required, as well as a set of short classes for when you need more depth. We offer on-site training for your organization – the most practical and cost effective training mode if you have more than four or five people attend. If you have 10, 15 or 25 attendees, it is the only way to go. All training can be customized and enriched according to your specific needs!
